WFC - ESTIMATE REQUEST

Showroom visit by appoitment only

Use this worksheet to help us estimate your project. The exact cost will be calculated once Waterfall Countertops creates a template in your home and verifies your design options (i.e. material, color, edge profile and square footage).

- ☐ SLIDE IN RANGE
- ☐ COOKTOP

BACKSPLASH:

- ☐ TILE
- ☐ FULL HIGH
- ☐ 4'' STONE

☐ OTHER: _____

EDGE TREATMENT: _____

Measure your Countertops: Measure each edge of your existing countertops and draw a rough sketch using the graph paper on the following page. Include your measurements and the approximate location for sink and stove/cooktop. Indicate the location of any backsplash (dotted line) and finished edges (X). If you do not have existing countertops, measure the outside dimensions of your cabinets. If you have angled/corner cabinets, be sure to include the "inside" angle measurement (typically 45° or 90°).

Take a Photo: Take a photo(s) of your room/project. Email, text, or bring your completed worksheet and photo(s) to our showroom when you meet with a Waterfall Countertops consultant.
